Parents' Guide to Accessing Google Classroom Through the Student Portal
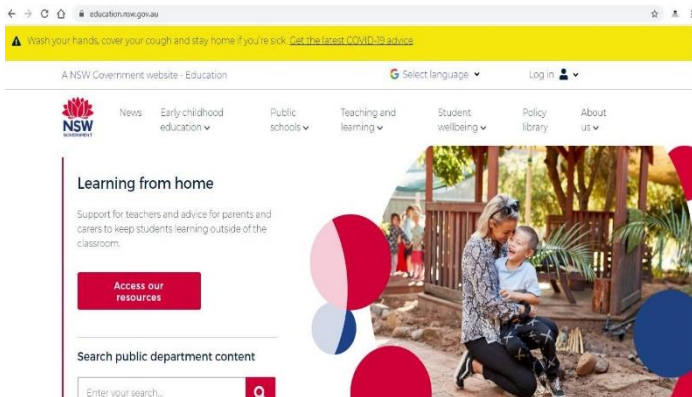

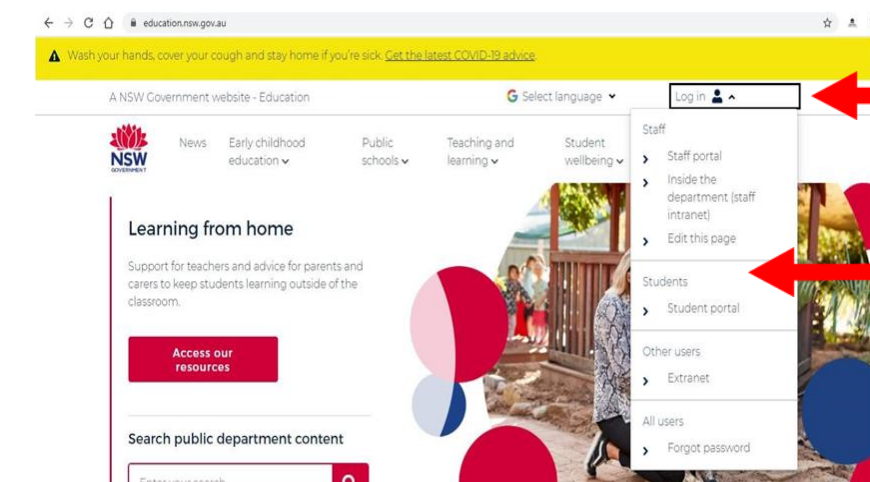

Step 1

Go to the NSW Department of Education Website at:
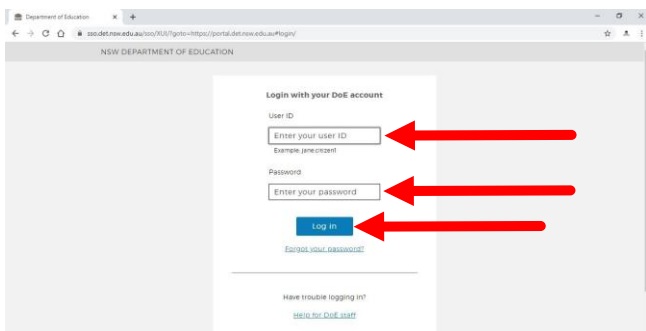

https://education.nsw.gov.au/

Step 2

Click "Log In"

Then Click "Student Portal"

Step 3

In the top box write your child's username. It is the same log in they use when accessing the devices here at school;
name.surname@education.nsw.gov.au

** Please note that some students may have a number after their surname. Your child will know. **
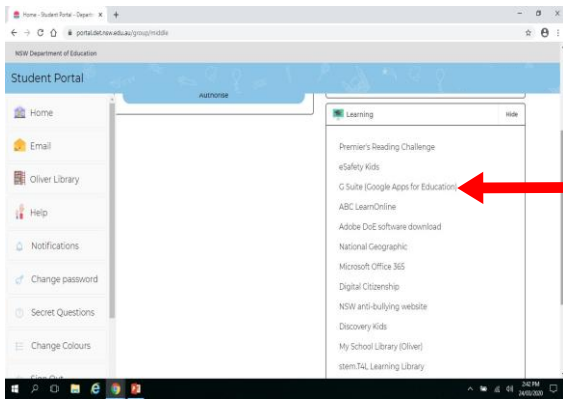

In the bottom box write your child's password.

Click "Log In"

Step 4

Locate the box titled "Learning"

If "G Suite (Google Apps for Education) isn't showing, click on "show more" – these words will disappear when you hover your mouse over it.
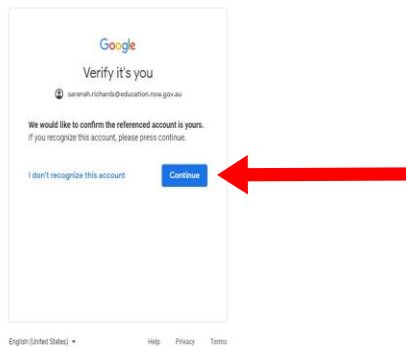

Step 5

Click on "G Suite (Google Apps for Education)"

Step 6

If asked to verify it is you, check the name in the box and the click "Continue"

Step 7

Click on "Classroom"

Step 8

Click on the tile of your child's class.

Here is an example of what the class tiles look like…

This will open up your child's class online learning platform with information from class teacher(s).

When accessing Google Classroom for the first time be sure to save it as a favourite.

😊
